FROM THE EDITOR'S DESK

There are moments in the passage of time when we reflect on our successes and failures. Success gives us a sense of contentment and pride. Failures gives us the moments of self doubt and perplexity but it does not hinder my upward movement.

The optimism in us encourages us to move forward undeterred. It is here through the medium of our annual magazine 'Dream Weaver' we would like to assume that there is a cause to steer, that there is a wide range of opportunities for the students to tap their talents and express themselves in myriad shades, tones, color and moods. Our bright students are kind and virtuous. We certainly hope that you will appreciate the enthusiastic endeavors of our budding writers and poets.

It is an ardent endeavour to make 'Dream Weaver' a riveting reflection of the alluring moments at school chiseling, contriving themes skillfully. We hope that this wonderful opportunity to embark upon a pure delight of going through the pages to capture the essence of DPS HRIT Campus in paper and ink. The pen flutters off the pages, limiting thoughts in progression to find expression while one is left only wondering, is it possible to encapsulate the journey of the decade in the editorial. I owe my sincere gratitude to the members of the management whose support & progressive approach help us to navigate vision & guide us in our initiatives. My special thanks to the members of the editorial team for their sincere and dedicated endeavors.

MESSAGE

I am elated to discover that Delhi Public School (DPS) HRIT Campus is set to unveil the tenth installment of their school publication, 'Dream Weaver'. This magazine serves as a testament to the unwavering determination and inventive spirit that both the teachers and students of the institution embody.

Throughout its history, the school has consistently adapted to the societal changes of our time, seamlessly integrating them into its educational framework. It's remarkable how DPS HRIT has maintained a steadfast commitment to providing top-notch education, resulting in a unique and widely recognized standing in India's Northern Region. What's commendable is the school's curriculum, which transcends traditional academics, offering students the chance to flourish not only in scholastics but also in sports, co-curricular activities, and more. This perfectly aligns with the vision of the Honorable Prime Minister Narendra Modi and the introduction of the National Education Policy, aimed at delivering comprehensive, high-quality education to India's youth.

I wish to extend my heartfelt congratulations to the school's principal and its dedicated teaching staff for their tireless efforts in nurturing the creative energies of their students, guiding them towards holistic development. My warmest wishes go out to the principal and the additional team behind 'Dream Weaver 2023', and I anticipate nothing less than resounding success for this remarkable publication.

MESSAGE

I am delighted to learn that Delhi Public School (DPS) HRIT Campus is publishing the ninth edition of their school magazine 'Dream Weaver' that highlights the dauntless spirit and creative mindset of teachers and the students of the school.

The school has always kept its pace with changes that occur in society and has inducted them into its regular system. Moreover, imparting quality education has been the foremost priority of DPS HRIT, which has earned a unique recognition and acknowledgement in India's Northern Region. It is praiseworthy that the curriculum at the school fits in a broader sense of education as the students are given the opportunities to bloom and grow in sports, co-curriculars and others. This is in line with the vision of Hon'ble Prime Minister Narendra Modi which has led to the launch of the National Education Policy which looks at providing holistic and quality education to the youth of India.

The excellent creative culmination of academic excellence, co-curricular activities, sports and Annual-Day celebrations amongst others have made this magazine a masterpiece in all regards. I am confident that the magazine will provide a platform to young minds to express themselves and come across their latent talent.

I would like to congratulate the principal and the teachers of the school on their sincere efforts in channelizing the creative energy of students towards holistic development. I extend my best wishes to the principal and the editorial board of 'Dream Weaver' 2022 and wish the magazine a grand success.

A MESSAGE FROM **CHAIRMAN**

Education plays a pivotal role in a nation's advancement by equipping young minds with social, moral, ethical, and technological skills. It instills values and positive attitudes to pave the way for a promising future. We nurture our children to become valuable contributors to our country in their unique capacities, leading to national progress and prosperity.

At our school, we empower our students to acquire new learning abilities through carefully designed educational programs. Advanced educational technologies complement our curriculum, ensuring that we provide the right stimuli for self-discovery and the development of their inherent learning capabilities.

We view children as the architects of a modern India in the ever-evolving global landscape. Consequently, we've designed an educational system that harmonizes the aspirations of the current generation without forsaking our cherished Indian values and traditions. Our unwavering commitment is to mold our students into successful global citizens.

It is with immense pleasure that I present the latest edition of our Annual Magazine, 'Dream Weaver.' It represents the culmination of the dedicated efforts, unwavering focus, and innovative thinking of the entire DPS HRIT family. I extend my heartfelt congratulations and best wishes to the Principal and the members of the DPS HRIT Campus editorial board.

A MESSAGE FROM **VICE CHAIRMAN**

Education extends beyond simply instructing children; its overarching goal is to facilitate the comprehensive development of its students.

Delhi Public School HRIT Campus embarked on its journey in 2010 and has made remarkable strides since. Our objective is to impart high-quality education that shapes young minds and nurtures them into responsible citizens of our nation. The school offers abundant opportunities for every student to foster holistic growth and self-discovery.

Our focus transcends conventional academic development. We prioritize instilling qualities that enable students to naturally evolve into well-rounded individuals capable of effectively addressing the challenges of the world. The school welcomes students from diverse backgrounds, helping them uncover their talents, define their purpose, and strive for success in all aspects of life.

The school's management and dedicated staff are committed to establishing the institution as a beacon of quality education, leveraging cutting-edge technology and state-of-the-art infrastructure. As we march forward, there are numerous milestones on the horizon, and we are resolutely heading towards the pinnacle in the years to come.

I take this opportunity to commend the staff and students for their praiseworthy endeavors in elevating the school to this level of excellence. I'm equally appreciative of the parents for their unwavering support and trust in us. I extend my congratulations to the principal and the entire editorial team for their tireless efforts and dedication in producing yet another edition of the school magazine, 'Dream Weaver,' which serves as a platform for students and teachers to express their creative impulses. My best wishes go out to all those directly or indirectly involved in the school's progress.

A MESSAGE FROM MANAGING DIRECTOR

It gives me great pleasure to present the latest issue of "Dream Weaver." As Alfred, Lord Tennyson astutely noted, "The old order changeth, yielding place to new, and God fulfills Himself in myriad ways."

In the contemporary world, evolving at an accelerated pace, educators must pause and contemplate the entire educational paradigm. Our pedagogical philosophy centers on motivating those who may bloom later in their educational journey, shaping the capabilities of the average, and engaging the intellect of the gifted.

Despite the challenging times, I take immense pride in how DPS HRIT has unwaveringly upheld the principle that education is an uninterrupted endeavor and learning knows no bounds.

At DPS HRIT, we foster an active partnership among the school, home, and community. We firmly believe that each child should receive the nurturing, attention, and opportunities required for them to learn, expand their horizons, and cultivate self-assuredness. We hold creativity, innovation, and individualism in high regard and ardently nurture these attributes in our students. Our curriculum and practices are consistently reassessed to ensure that we adhere to the latest and most efficacious methods, aligning with all regulations and addressing the present and future needs of the generation under our care.

Upon graduating from DPS HRIT, our students will be equipped with the skills, mindsets, and qualities necessary to excel in the world of the future. I aspire to witness the school's unwavering progress in the holistic development and character-building of our students.

The unwavering support of parents and students throughout challenging periods has facilitated a seamless journey toward academic excellence. Our teachers, often the unsung heroes, have elevated the art of teaching to new heights, where innovation is an integral facet.

This edition of our school magazine, "Dream Weaver," stands as a significant milestone, encapsulating our growth, giving life to our imaginations, and realizing our thoughts and aspirations. It showcases a broad spectrum of creative skills, spanning from writing to editing and even the art of magazine design. I extend my heartfelt congratulations to the entire editorial team for their unwavering diligence and dedication, which has culminated in the publication of this school magazine.

I conclude with the profound wisdom of Swami Vivekananda: "We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet."

A MESSAGE FROM PRINCIPAL

“Don't read success stories, you will only get a message. Read failure stories, you will get some ideas to get success.” Dr. APJ Abdul Kalam

Reflections have known to harness great power to encapsulate the lore of the past as the bygone witnessed ample portions of triumphs and tribulations. School is the only place that can give us fun, fascinating adventure and concrete knowledge. It possesses treasure of wisdom that can enrich and enhance the life of each individual in school.

I firmly believe that it is possible to have a robust educational programme that is fun, community-center and enjoyable. Learning can must be fun! At DPS HRIT Campus we strive to create an atmosphere of joy community and inspiration. We wish our students to feel fully involved in their educational expeditions. When students are involved in the educational process, they feel empowered, and when they feel empowered they succeed.

Happiness comes when we test our skills towards some meaningful purpose. The real contest is when you measure what you have done and what you are capable of doing.

The world today looks for human beings who are not only resilient and competent but who have universal concern and imbibe such values in them that will preserve and sustain the wealth of the world including human resources.

Dear Students value each day of your school experience. Work on the edge of your capabilities-to do your best is the best recipe for success.

Being successful is more of a journey not a destination and this journey of success began more than a decade ago. Starting with small steps and the dream accompanied with actualization has brought into threshold wide spectrum, created an environment of inculcation of new ideas, eco friendly endeavors, workshops in the school which have grown in magnitude and strength, joy & hope. No stone is left unturned to instill unrivaled passion for creativity. Young, energetic and effervescent students imbued with soulful touch bring about a transformation in the lives of the needy & underprivileged through various outreach programs.

To succeed in your mission, you must have single-minded devotion to your goal. Dr. APJ Abdul Kalam

A Message From **HEAD GIRL**

“Leadership is a skill hard learned by facing challenges, making mistakes, learning from them, failing but rising again with deeper, stronger passion and determination.”

Greetings!

It is indeed a pleasure for me to write as the head girl of our prestigious school. I would like to thank each and everyone who believed in me! Who believed in my ability to lead our school. It's such a proud moment for my younger self who always dreamt to lead.

Over my last year in DPS Hrit Campus I've learned a lot from almost everything. Gratitude of thanks to our Admirable Principal Ma'am Ms Nandini Shekhar and my supportive teachers who guided me towards the right path.

I'm excited to be part of a school that encourages innovation and creativity, allowing students to excel in various fields.

Our school is more than just a place of learning; it's a place where lifelong friendships are formed, and memories are created.

It's indeed a pleasure for me to carry out the assigned responsibilities in a sincere, systemic and dedicated manner. For me, being the head girl is not at all about the position or the title but it is about action and example which can make a difference.

I stand here as a leader not just to lead but to leave no stone unturned! To make our school scale the heights of success!!

And I promise that I shall put in my best efforts to prove myself worthy of being a Leader!! It's my time to set goals with the help of student council and to execute them with utmost sincerity. I believe that the experience I will gain from this post will help me and everyone of us to learn more about leadership. Not with the promise of keeping it but with the intention of achieving it!!

My address would be incomplete if, on behalf of the entire Student Council, I do not thank our school management, honourable Principal Ma'am once again, for believing in us, and giving us the immense responsibility that we shoulder today. It will be our solemn effort to carry out our duties to the best of our ability, and do all we can to “make our school reach the heights of success”!

I promise that my actions will resonate with the dedication, passion, and determination I've expressed today. Together, let's script a remarkable chapter in the story of our school's success, one filled with accomplishments, unity, and unwavering commitment. Thank you for your trust and support, and here's to a brighter future for DPS Hrit Campus!

Thank you
Jeeya Sharma
(Head Girl)

A Message From **HEAD BOY**

Leadership embodies the remarkable ability to transform a vision into a tangible reality, as eloquently stated by the esteemed scholar Warren Bennis. It fills me with profound pride and honor to have been bestowed with the privilege of serving as the Head Boy of DPS HRIT CAMPUS.

I extend my heartfelt gratitude to the revered management, our esteemed Principal Ms Nandini Shekhar ma'am the dedicated teachers, and every fellow student who saw the potential in me to shoulder the responsibilities that come with this distinguished role. The position of Head Boy is far more than a mere title; it carries with it the weight of responsibility, the duty to inspire, and the obligation to lead through example.

In my capacity as the Head Boy, I implore each one of you not only to think outside the box but to transcend its boundaries. It's when we challenge ourselves and push our limits that we truly excel. With unwavering faith in the values of discipline and hard work, I wholeheartedly commit myself to the service of our institution.

With passion and dedication, I pledge to work tirelessly to enhance the stature of our beloved institution. The hallmarks of our school, such as its rich tradition of academic achievement, its vibrant extracurricular activities, and its sense of community, are attributes that we should all be immensely proud of.

let us continue to uphold these hallmarks and forge a path of excellence for generations to come. Together, we can achieve greatness for our beloved institution and leave a legacy of pride and accomplishment. Thank you for your unwavering support and dedication.”

Warm Regards,
Hardik Shrivastava
(Head Boy)

A MESSAGE FROM **SCHOOL REPRESENTATIVE**

As I stand on the threshold of my final year in school, I am glad to reflect upon the exceptional qualities of our beloved institution, which have shaped not only my educational journey but also the character of our student community.

Throughout our years here, our school has been more than just a place of learning; it has been a second home—a nurturing haven where we've not only acquired knowledge but also forged enduring friendships. We owe a profound debt of gratitude to our dedicated educators who, beyond imparting knowledge, have instilled invaluable life lessons.

Our esteemed Principal, Ms. Nandini Shekhar, has been a beacon of exceptional leadership. Under her guidance, our school has blossomed into a center of academic excellence. Her visionary outlook, unwavering dedication, and compassionate mentorship have continuously inspired us. We are truly fortunate to have a leader who not only envisions the future but also nurtures our potential.

In my role as the School Representative, I undertake the privilege and responsibility of leading by example, contributing positively to our school community, and upholding the values that define us. Our journey, encompassing diverse experiences both inside and outside the classroom, has molded us into the individuals we are today. We've participated in a myriad of activities, from academic competitions to cultural events, uncovering our passions and talents along the way.

As we prepare to embark on the final stretch of our schooling journey, it is imperative that we acknowledge the nurturing and supportive environment our school has consistently offered. Our progress thus far has been a collective endeavor, and it is our duty to carry forward the torch of knowledge, kindness, and leadership that our school has ignited.

With profound appreciation for the beautiful beginnings we've had, and with the warmth that only the Delhi Public School HRIT Campus can cultivate, I am honored to serve as your School Representative.

Warm Regards,
Ananta Agarwal
(School Representative)

FOOTPRINTS ON THE SAND OF TIME

Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us
Footprints on the sands of time.

The luminous brilliance of greatness resides not in the rarefied realms of a chosen few, but rather, it is an ember glowing quietly within each of us, awaiting the spark of recognition to set it ablaze. In the presence of those remarkable souls we deem great, their radiance becomes a mirror to our own potential, and in their company, we find ourselves bathed in the warm, invigorating light of inspiration. Great people, you see, possess the magical gift of igniting the dormant flames of greatness within us, making us acutely aware that greatness, like the stars in the night sky, is a constellation scattered throughout the vast cosmos of human potential. Presence of these luminaries at DPS HRIT CAMPUS has been a blessing indeed!!!!!!

Shining Stars of DPS-HRIT Campus

In the heart of our school, it is the students who truly shine, their unwavering determination and hard work driving our success. Our students, through academic achievements, sports, arts, and co-curricular pursuits, embody our institution's essence.

Our principal Ms Nandini Shekhar, as a guiding light, fosters a culture of learning, discipline, and values. She provides unwavering support, shaping an environment for students to excel. Our dedicated management ensures facilities, resources, and policies align with student interests, fostering an optimal learning atmosphere.

Collectively, the faculty, the principal, and the management creates a nurturing ecosystem where students are the shining stars. Their hard work, the principal's guidance, and the management's vision combine to make our school the place where dreams turn into reality. We celebrate their journey, knowing it takes a village to raise successful individuals

GRADUATION DAY!

Celebrate Endings - For They Precede New Beginnings

The air was filled with excitement and pride as parents, teachers, and young graduates gathered at DPS HRIT campus to celebrate the Graduation Day of the primary wing. The sun shone brightly, casting a golden glow on the vibrant campus, mirroring the joyous spirits of the attendees.

The event commenced with a heartwarming welcome speech by the school principal Ms. Nandini Shekhar Ma'am, acknowledging the hard work and dedication of both students and teachers.

The ceremony was marked by various performances showcasing the talents of the young learners. From delightful dance performances to melodious songs, the stage came alive with the energy and enthusiasm of the primary wing students. Each act met with applause and admiration, highlighting the creativity and confidence instilled in these budding stars.

The highlight of the event was, of course, the distribution of certificates and awards. The room echoed with cheers and applause as each student's name was called, recognizing their academic achievements, sportsmanship and overall growth. The proud parents captured these precious moments with cameras, cherishing the milestones achieved by their children.

Students of Pre-Primary classes presented a skit showing generation gap. Graduation ceremony of grade prep was conducted to applaud the enthusiastic learners.

Generations of Love, "Celebrating wisdom & warmth of grandparents on their special day.

"Grandparents hold our hands for just a while but our hearts forever". Grandparents are like magicians. To highlight the significance of grandparent's role in our lives and make them feel special, DPS HRIT campus celebrated Grandparents day on April 1st 2023. It was a day dedicated to the grandparents to honor them for all the sacrifices they made for their families and also to create awareness among their children of the moral support, information and guidance they can offer.

The day began by welcoming the grandparents and children with the shower of flower petals and putting tikka on their foreheads followed by lamp lighting by our honourable Chief Guest Mrs. Deepanjli Aggarwal, Special Guest Dr. Anil Aggarwal, Vice chairman Mr. Anjul Agarwal and Managing Director Mrs. Vaishali Aggarwal and our enthusiastic Principal Ma'am Mrs. Nandini Shekhar.

Students of Grade 2 presented a beautiful welcome song

followed by an adorable welcome dance by the students of grade Prep. Our Principal Mrs Nandini Shekhar addressed the grandparents and thanked them for their presence in large numbers, their unconditional love and multiple roles played by them in children's lives.

Dr. Anil Aggarwal, special guest also welcomed and thanked the grandparents.

Ms. Vaishali Aggarwal gave a vote of thanks acknowledging the contribution of teachers, grandparents and students for making the event a great success.

Overall the Grandparents Day celebration was a resounding success with everyone feeling touched and grateful.

Our Annual Extravaganza

'From the classroom to the stage we bring our talent to life'

The Ninth Annual Day celebration, titled 'ABHYUTTHANAM-SHIKSHA KA SAFARNAMA,' was a splendid event brimming with unwavering enthusiasm and exuberance. The entire campus came alive, adorned in the resplendent and festive hues of our cherished annual extravaganza.

The evening sparkled with the presence of our esteemed Chief Guest, Shree Dr. Mahendra Nath Pandey, MLA and Minister of Heavy Industries, as well as our Guest of Honour, Shree Narendra Kashyap, Minister of State (Independent Charge). Adding to the distinction, we welcomed Smt. Asha Sharma, Mayor of Ghaziabad, as a distinguished guest. The event was graced by the Chairman, Honorable Shree Dr. Anil Aggarwal, Member of Parliament, and Shree Anjul Aggarwal, Vice Chairman of HR Group of Institutions, alongside special guests like Smt. Deepanjali Aggarwal, Smt. Vaishali Aggarwal, Managing Director of DPS HRIT Campus, and Smt. Nandini Shekhar, Principal of DPS HRIT Campus. Media personnel, parents, and students also joined, enhancing the spirit of our annual gala.

The evening began with a solemn inaugural ceremony, where the Chief Guest, Shree Dr. Mahendra Nath Pandey, and the Guest of Honour, Shree Narendra Kashyap, lit the ceremonial lamp, seeking the blessings of the Almighty. Eminent guests were presented with bouquets, and Dr. Anil Aggarwal, our Chairman, extended a warm welcome and introduced the Chief Guest to the audience.

The program commenced with a mesmerizing rendition of Saraswati Vandana, enchanting the venue with a transcendent and divine energy. Principal Smt. Nandini Shekhar, a paragon of grace and wisdom, eloquently expressed her profound gratitude to the esteemed guests and dignitaries, lauding the relentless hard work, unwavering dedication, seamless teamwork, and unwavering focus that coalesced to bring this splendid event to fruition. Mayor Smt. Asha Sharma, in her heartfelt address, showered accolades upon the youthful participants, describing this event as a mere glimpse into the boundless tapestry of their future achievements.

Dr. Anil Aggarwal, in his address, praised Principal Ma'am, the staff, and the students for their monumental display of talent and dedication. He expressed optimism about the future, where these students will shine with their skills and efforts.

"Abhyutthanam-Shikshakasafarnama," was a captivating journey through the tapestry of education, weaving together the rich history of learning from the times of the Vedas to the challenges and triumphs in education throughout the ages. It masterfully depicted the evolution of education, showcasing the transitions from the ancient wisdom of scholars like Chanakya to the modern era influenced by the National Education Policy 2020.

Furthermore, the play sensitively portrayed the educational landscape during the COVID-19 pandemic, highlighting the adaptability and resilience of students and educators as they navigated the challenges of remote learning and the shift towards technology-driven education. It acknowledged the remarkable efforts of the educational community in surmounting the obstacles imposed by the pandemic and continuing the journey of knowledge dissemination.

The audience was left in awe by the performances of students, who skillfully brought to life the various eras of education, and the play served as a poignant reminder of the enduring importance of education in shaping our society's past, present, and future. This Annual Day celebration truly celebrated not only the achievements of the students but also the profound impact of education on our lives.

Our esteemed dignitaries unveiled the school's annual magazine, 'Dream Weaver-2022,' adding to the historic significance of the event. The Chief Guest praised the Principal, teachers, and students for their marvelous performance, emphasizing the confidence instilled in the students by their mentors. Chairman Dr. Anil Aggarwal honored the Chief Guest and other distinguished guests with shawls and mementos as tokens of love and respect.

The Vote of Thanks was delivered by Managing Director Ms. Vaishali Aggarwal, commending DPS HRIT Campus for setting new educational standards and creating a buzz with their students' outstanding achievements. The annual gala left an indelible impression on everyone through a beautiful visual collage, concluding with the singing of the National Anthem.

BIDDING ADIEU WITH STYLE:

FAREWELL

(2022-2023)

**Yesterday brought the beginning,
tomorrow brings the end,
though somewhere in the middle
we become the best friends**

It is an indescribable feeling to see the young fledglings, which have been nurtured with love and care for fifteen long years, leave their cocooned nest and fly into the unknown. On 13th February, 2023, in an emotionally surcharged ambience, the management, the teachers and students of class XI gathered to convey their best wishes to our class XII students as they began a new chapter in their lives.

The students of class XII were welcomed with title giving ceremony. Students of class XI, presented very interesting skits, group dance and singing performances which entertained the audience to the fullest. Many interesting and tricky games were played to pep up the environment.

As always, the addresses by Managing Director Ma'am Ms. Vaishali Aggarwal and Principal Ma'am Ms. Nandini Shekhar were inspirational. The day was devoted in reminiscing the years spent together with friends and teachers. Mingled with unforgettable moments and nostalgia. The priceless afternoon was the perfect occasion to wish our students health, joy and success in life and future. With a heart filled with best wishes, DPS HRIT Campus bid adieu to the class of 2023. However, this is not the ending, it just marked a beginning to another marvellous relationship between the students and the school.

SCHOLAR BADGE CEREMONY

‘Soaring high is my motto’

Embracing Academic Excellence: Scholar Badge Ceremony

We gathered on a bright, sunny morning at DPS HRIT Campus to celebrate the academic prowess of our brilliant students at the Scholar Badge Ceremony. The air was filled with anticipation and pride as parents, teachers and students assembled in the school auditorium, a sanctuary of learning and achievements.

The roots of true achievement lie in the will to become the best version of yourself. The Scholar-badge Ceremony was organised at DPS-HRIT Campus on April 29, 2023 to facilitate the multitude of meritorious students of class nursery to XI who achieved academic excellence in the session 2022-23 and to honour the winners of Olympiads. The goal was to celebrate and to appreciate the kids’ ongoing history of outstanding accomplishments in the academics and extracurricular activities.

The ceremony commenced with an air of reverence, honoring the dedication and hard work that each scholar had put into their studies. The Principal, with a warm smile welcomed everyone emphasizing the significance of academic excellence in shaping young minds and ensuring a brighter future.

The highlight of the event was the awarding of the Scholar Badges. Each recipient stood tall, their eyes were gleaming with pride and accomplishment as they received the badge, a symbol of their relentless pursuit of knowledge and their commitment to scholarly endeavors. The applause that followed was thunderous, a testament to the collective support and admiration for these young intellectuals.

LEADERSHIP UNLEASHED THE INVESTITURE

"Embracing Leadership"

In an atmosphere pulsating with anticipation and excitement, DPS HRIT Campus hosted its annual Investiture Ceremony, a pivotal event where leadership met responsibility and promise met potential. The ceremony held with great pomp and fervor marked the commencement of a new chapter in the lives of the young leaders of tomorrow. Leadership is not a mere title; it's a responsibility and an opportunity to inspire, guide, and make a positive impact. At our school, we recognize and celebrate the significance of leadership through our annual Investiture Ceremony.

The event commenced with resonating the pride and honor every student felt in being part of this esteemed institution. The stage, bedecked with the school colours, was graced by the esteemed presence of the school principal, faculty members, and proud parents all gathered to witness the investiture of the school's new student council. The newly elected student council members, donned in sashes and badges, stood tall and confident, ready to shoulder the responsibilities entrusted to them.

Ms. Nandini Shekhar, The Principal of DPS HRIT Campus, an eminent personality known for her contributions to education, delivered an inspiring speech emphasizing the importance of leadership, integrity and teamwork.

The highlight of the event was the oath-taking ceremony, where each student council member pledged to uphold the values of the school, to be fair and to work diligently towards the betterment of the school and its companions. The atmosphere was charged with positivity and determination as these young leaders promised to serve their peers and the school with sincerity and dedication.

ORIENTATION & WORKSHOPS...

A legacy of learning and leading

HAPPY CLASSROOMS

'In a very real sense, we have two minds- one that thinks and the other that feels.'

Classrooms are emotional settings. Students' emotional experiences has an impact on their ability to learn, their engagement in school and their career choices. Enjoyment of learning motivates students to apply greater efforts whereas boredom only discourages effort. Creating a safe and caring classroom which promotes positive emotions in students always stay on top priority.

To discuss the above, a training program for teachers titled "Happy Classrooms" was held at Delhi Public School HRIT Campus on 19th November, 2022. The workshop was attended by various teachers of different schools. The resource people of the day were Mr. Madan Lal Sawhney and Ms. Gunjan Tomer. The interactive workshop aimed at making the classrooms happy for the students. The agenda of the workshop was a discussion on emotional quotient, strategies for self-regulation, understanding relations and decoding language gestures.

The teachers were made to perform certain activities which made them aware of their strengths, weakness and skills in handling a difficult situation at workplace. Self awareness is very important to keep oneself happy.

The workshop was informative and enlightening as it taught the important concept of incorporating happiness and emotions in the class as well as to be happy individual and spread the happiness to all the lives in touch.

Overall, It was an informative and enriching experience.

ROUTINE HABITS

A workshop was organized for the middle wing students to train and inculcate good habits among them and avoid negative and bad practices. The Principal, Mrs. Nandini Shekhar addressed the students and gave them few interesting tips to develop simple and healthy habits. The workshop enlightened the children on the importance of following correct routine, pattern and lifestyle which has an important role in the success of any individual.

ORIENTATION

INDIA'S MOON MISSION

'Opportunities don't happen, you create them.' - Chris Grosser

An inspiring and motivational workshop was organised at Delhi Public School HRIT Campus Ghaziabad for Grades IX to XII on INDIA'S MOON MISSION by renowned and retired scientist of ISRO, Dr. Alok Kumar Mathur and Dr. Anil Mathur (Alumini IIT Roorkee).

The workshop provided the students an exposure to the opportunities and programs offered by ISRO. The workshop also emphasized on the working and launching of Chandrayaan 1, 2 and 3.

The learners got an opportunity to be a part of the session that will help them in making sagacious career choices in space research.

Dr. Mathur also addressed the queries raised by learners. At the end, our honourable Principal Mrs. Nandini Shekhar gave vote of thanks to the eminent scientists for their valuable time and also motivated the students how to make failures as the stepping stones in life and achieve the zenith of the success.

The workshop was really informative and enriching.

INTEGRATED LESSON PLAN

Integrated and interactive lesson plan enables pupils to learn from basic to complex level, promotes critical thinking and constructive approach to learning. It provides a stage for the teachers to design different classroom experiences for students and gives importance to student centered classroom. A workshop was conducted by The Principal Mrs. Nandini Shekhar on integrated lesson plan for the teachers. It was an excellent and informative workshop. The workshop was beautifully executed to bring together research and practice. Teachers learned about new skills of teaching and were inspired to learn more.

OUR ENDEAVOURS!

“Enjoying success requires the ability to adapt. Only by being open to change will, you have a true opportunity to get the most from your talent.”

Access to computers and the internet has become a basic need for education in our society. With the same notion an initiative was taken by DPS HRIT, CAMPUS to update its teachers. A workshop on 'educating the educator' was conducted in the school premises. The workshop was organised to train the teachers in improving the use of different technology during classroom transaction. The agenda of the workshop was to facilitate educators and equip them with new technological skills. The session proved to be immensely useful for the teachers. Prize winning activities and presentations made it much effective. Teachers gained lot of information and their queries were resolved. It proved to be a much needed session for the teachers.

SUMMER CAMP

Paradise in the summertime

Memorable Summer Camp Experience at DPS HRIT Campus

Students at DPS HRIT campus had the best time of their lives during the annual summer camp. The school grounds buzzed with excitement as children from different grades eagerly participated in a multitude of activities designed to foster learning, creativity, and teamwork.

From adventurous nature trails to wonderful outdoor activities everything remained blissful and eclectic. Students learned the importance of teamwork and perseverance while navigating through challenging obstacle courses, developing both physical and mental strength.

Creativity knew no bounds at the camp's workshops. Budding artists honed their skills in painting and crafting, while future chefs experimented with culinary delights. The artistic atmosphere encouraged campers to express themselves freely, resulting in a beautiful display of talent.

The camp wasn't just about fun; it was also an opportunity for intellectual growth. Engaging educational sessions and interactive science experiments sparked curiosity and encouraged campers to explore the world of knowledge, making learning an enjoyable experience.

Sports enthusiasts had a ball of a time at the camp's sports arena. Friendly matches and sports competitions not only promoted physical fitness but also taught valuable lessons in Sportsmanship and fair play. Campers discovered the joy of healthy competition and the importance of staying active.

"Unleashing Sports Prowess: A Glimpse into Our **ANNUAL SPORTS DAY**

Delhi Public School HRIT Campus organized Annual Sports Day in February 2023. The students participated with great enthusiasm and zeal. The whole school, especially the playground, was colorfully and attractively decorated.

The program was inaugurated through flame lighting ceremony and releasing of the colorful balloons in the air. It was followed by a small cultural program and various sporting events like The Obstacle Race, Bunny Jump Race, Getting Ready for School Race, and Collection of Balls Race. A special racing event was organized for the parents as well, in which they energetically participated.

The honorable chief guest, our respected, Vice-Chairman, Mr. Anjul Aggrawal Sir, along with enthusiastic Managing Director Mrs. Vaishali Aggrawal Ma'am and creative and inspiring Principal, Mrs. Nandini Shekhar Ma'am graced the event with their presence.

Principal Ma'am addressed the gathering, laying emphasis on the need to imbibe qualities of discipline and sportsmanship

spirit, and never be disappointed by the failures in life. Vice- Chairman Sir, in his address, emphasized the importance of sports in a child's life and encouraged students to participate in sporting events wholeheartedly.

It was a day filled with sportsmanship and memories to cherish. Enthusiasm and vigor were seen all around. The winners were awarded medals and certificates by our honourable chief guest and our respected Principal Mrs. Nandini Shekhar Ma'am.

The sports day was not just about physical prowess; it was also a celebration of sportsmanship and fair play. Every participant exhibited the true spirit of competition, supporting and respecting their fellows, regardless of the outcome. The sense of camaraderie among the students was palpable, fostering a positive and inclusive environment.

SPORTS

Brimming with Vitality

Giving sports a due place in school schedule

Sports occupy a vital role in student's life .It keeps them fit, healthy and makes them active. The secret of having a healthy and positive lifestyle is to have a positive mind and body. Sports is one such activity which helps us in maintaining proper physique and positive mentality.

Apart from keeping a healthy body and mind, sports also help students in alerting their senses, keep them aware about surroundings and become an undaunting personality with positive outlook on life.

Hence, Sports have a multifaceted role in student's life. Students in school enjoy the sports as co-curricular activity.

Sports develop the physical as well as mental strength in students. Daily physical exercise is essential for students because exercise not only helps students to stay healthy but it also helps improve their emotional fitness.

In DPS HRIT CAMPUS sports is a major part of school curriculum because if students stay emotionally and physically healthy they can easily focus on their studies. Students to participate in school sports to increase confidence, mental alertness and self esteem.

Sports activity are important in school because they help in teaching various skills to students like leadership, patience, team efforts and social skills.

JOYFUL CELEBRATIONS

Creating Values and Celebrating Special Days in Assemblies

REPUBLIC DAY

Independent India, Republic India, let us make it developed India.

India won her freedom on the 15th of August, 1947 and became Republic on 26th of January, 1950. The new constitution of free India came into force with effect from this day. It is a day of national rejoicing in our country. The day is celebrated with pomp and show, zeal and spirit throughout the length and breadth of the country.

The day was celebrated in the school with great eclat. The school building was aesthetically decorated with flower pots and national flags. Loudspeakers were fitted. Students sang inspiring national songs sung in chorus. These were followed by stirring speeches by the students and teachers.

The event concluded with the National Anthem and a vote of thanks by the Principal.

HOLI - COLOURFUL HUES

Burn your ego, expectations and ill thoughts in the fire of Holi.

The most colourful and vibrant festival of India 'Holi' was celebrated with splash of colours at Delhi Public School, HRIT CAMPUS. The atmosphere was marked with fun and fervor as students celebrated this vibrant festival. The school following green and global practices had arranged for safe organic herbal holi colours. The academic courtyard was an amalgamation of enthused students who also sprinkled colours on teachers. These bright colours are believed to signify energy, life and joy.

Holi is the festival which commemorates the victory of good over evil, brought about by the burning and destruction of the evil demon named Holika. So the spirit of Holi taught the students to follow good conduct in life and believe in the virtue of being truthful and honest.

All students and teachers felt the exuberance of warmth and the joy of vibrant colours applied on them. There was laughter, joy and merry making in the air.

BAISAKHI

**'Admidst the rich harvest,Across the lush greenery,
Baisakhi has arrived,In all its majesty – so let's rejoice and celebrate.'**

The students of DPS HRIT CAMPUS celebrated the festival of Baisakhi in high spirits. Well planned activities to acquaint the students with this harvest festival were carried out in the classroom at all the levels. The objective of this activity was to acquaint students about Baisakhi and its significance in our culture and to engage them in the celebration of a harvest festival.

The activities were consciously designed to nurture the students' curiosity to know about Baisakhi and to stimulate their creative skills. The students of pre primary wing celebrated the festival with rhymes and songs on Baisakhi. It was a delight to see the tiny tots engrossed in the activity.

EARTH DAY

“Earth rejoices our words, breathing and peaceful steps.”

Earth Day was celebrated at DPS HRIT CAMPUS to honour the achievements of the environmental movement and raise awareness of the need to protect Earth's natural resources for future generations.

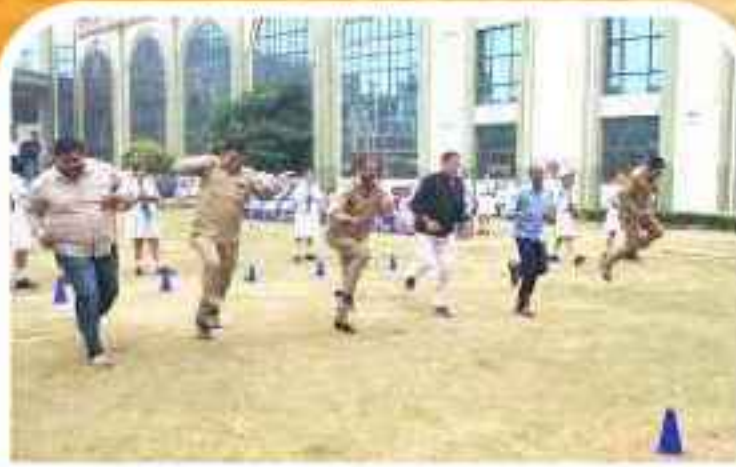

A soulful dance performance dedicated to our blue planets and to celebrate the mother Earth was organized. It touched upon the major issues such as excess use of plastic, depletion of earth resources etc. Last but not the least, the students took a pledge to preserve and conserve their self sustaining planet earth.

LABOUR DAY - GRATITUDE UNLIMITED

‘it was not by gold or by silver, but by labour, that all wealth of the world was originally purchased.’

Students, staff and management expressed their gratitude and thankfulness to all the members of the support staff. The principal sensitized the students to the tireless, continuous and consistent help provided by the support staff in making our lives safe and secure. The school acknowledged the invaluable contributions made by the support staff and expressed its commitment to continue providing them with the necessary support and recognition.

MOTHER'S DAY

“Mother’s love- a brilliant GEM to be treasured.”

The day that recognizes the essence of a mother was celebrated in high spirits and merriment. This being one of those occasions that none of us can afford to miss was zealously enjoyed by one and all. The children irrespective of nationalities, castes, culture and genders have emotions binding them to their mothers.

Keeping this bonding emotion in mind, the pre-primary and primary section of DPS, HRIT CAMPUS had a special celebration on mother’s day. Teachers made an earnest effort to instill the importance of mother in a child’s life through effective thematic presentations, moral stories, dramatization and video clippings.

INDEPENDENCE DAY मेरा रंग दे बंसती चोला

“Swaraj is my birthright, and I shall have it.”

Independence day serves as a powerful reminder of the nation’s liberation from British colonial rule. The celebration in school began with the veterans and hoisting of national flag and lighting the lamp. The School Principal Ms.Nandini Shekhar delivered a stirring speech on the importance of Independence day for Indians. The school choir performed several patriotic songs and students showcased a mesmerizing dance performance. The event ended with the distribution of awards to outstanding students and singing of the National Anthem.

JANMASHTAMI

“For one who has conquered his mind, a mind is best of friends, but for one who has failed to do so, a mind is the greatest enemy.”

The students came dressed up as Lord Krishna, Radha's playmates and friends of Krishna's childhood. They were accessorized with colourful bangles, odhnis and peacock crowns to set the Janamashtami mood. The academic courtyard of school was decorated with balloons, flutes and matkies giving the vibes of festivity.

TEACHER'S DAY

Teaching is a very noble profession that shapes the character, caliber and future of an individual.

On 5th September, Teacher's day was organised to celebrate the birthday of Dr. Sarvepalli Radhakrishnan, former President of India. All students decorated their classrooms and gave their teachers bouquet of roses. There was an unusual excitement in the school atmosphere which was quite contagious. Morning assembly was held by the students of grade XII in which the students paid tribute to their teachers. Principal, Mrs. Nandini Shekhar, addressing the entire school, urged students to maintain the bequest of respecting teachers and lauded the entire staff for their exemplary contribution to the school's phenomenal success. The Principal appreciated the sincerest efforts of the teachers in playing a catalytic role in the holistic development of every student. Thus, the entire celebration paved a new hope for teachers to rejoice the journey as a teacher. The crux of the programme was 'Celebrating teachers on teacher's day.....'

GANDHI JAYANTI - PAYING TRIBUTES

Gandhi Jayanti is an annual observance in India that commemorates the birthday of Mahatma Gandhi, the father of the nation. Gandhi Jayanti holds immense significance not only in India but also around the world. Students of class-I dressed up as the famous characters like Gandhi Ji, Sarojini Naidu, Jawahar Lal Nehru and Lal Bahadur Shastri gave impressive speeches. As this day serves as a tribute to the great leader's life and legacy, promoting his principles of non-violence, truth and self-reliance. Students marched carrying the slogans in their hands. School also conducted clean-up drives to promote a clean and green environment.

DUSSHERA-TRUTH TRIUMPHS

“Embrace the values of righteousness, love and truth on this auspicious occasion of Dussehra”

Dussehra signifies the victory of lord Rama over the demon Ravan. Hence it symbolizes the triumph of good over evil. Children came dressed in ethnic clothes. They enjoyed activities related to Dussehra and listening the story of Dussehra. Dussehra offers a unique opportunity to learn about our rich culture and heritage while having loads of fun.

The celebration of Dussehra in schools is not merely a festivity, but an opportunity to instill values, impart cultural knowledge and create lasting memories with the students. These interactive activities serve as educational tools that help children understand the significance of Dussehra beyond the spectacular display of Ravana's effigy going up in the flames. Through drama and skits, students not just recited stories but actively participated in the re-enactment of the Ramayana, imbibing the virtues of truth, courage and righteousness.

PRABHAT PHERI

The "Prabhat Pheri" initiative continues to unite the community in cherishing the spirit of independence, promoting youth engagement and reinforcing the significance of sports and arts in our society

The school DPS HRIT CAMPUS organized a prabhat pheri in the school vicinity with great patriotic fervour. The streets resounded with songs in praise of the nation as the students serenaded in unison.

The Prabhat Pheri was joined by residents of Ghaziabad who appreciated the initiative of the school and its efforts in creating a society deeply rooted in values, tradition and heritage.

Prabhat Pheri on SAVE TREE, SAVE EARTH was organized following the plantation drive by the students in school premises.

EXCURSION & TRIPS

Discovering the world together

An annual excursion is organized for students for every academic session. Further, the school organizes planned visits to various places to enrich student's vocabulary and to take learning beyond the four walls of the classroom. Travel expands student's horizons and school life cannot complete without the fun of educational tours and excursions. These trips are tailored, made to facilitate the students to know and understand the real, multicultural world. A host of activities are undertaken as a part of trips which act as a catalyst to think out of the box and broaden the outlook.

The school discreetly organizes educational trips to strategically and historically important places and facilitates students to reach out information beyond the text books. A planned school activity that is conducted outside the school grounds that aims to maximize student's learning and development.

Excursions include curriculum and non curriculum activities. The school maintains responsibility of care and protection of the students during an excursion. Going on a field trip enhances student's critical thinking skills and gives students a chance to think about a topic or theme from a different perspective. Several children don't get a chance to experience the typical field trip locations with their families. A school trip gives students the chance to experience new venues.

Such excursions aid in developing students that are both intelligent and observant in applying their learning towards helping people around them.

Robotics

Engineered to win

STEM concepts are used in robotics and AI making them powerful tools in today era. Active learning is facilitated as students are engaged in hands-on activities. A range of captivating sessions on Robotics are conducted for classes IV to X on weekly basis in the Robotics lab. Curiosity is sparked, critical thinking is nurtured, and practical applications of STEM are appreciated, resulting in an enjoyable and enriching educational experience.

Science SYMPHONY

IMAGINE | INVENT | INSPIRE

Science Symphony at DPS HRIT Campus serves as a platform for fostering students' scientific inquiry. Its role is to ignite and nurture a passion for science, making it an integral part of students' educational journey. This initiative is significant because it cultivates critical thinking, problem-solving skills, and a profound understanding of scientific concepts. It encourages collaboration and teamwork, as students often engage in group projects to tackle complex scientific challenges. Students of grade 6-12 organised an Inter House science symposium 'symphony'. Distinguished educators from HRIT INSTITUTE were invited as the assessors of the event.

Science Symphony reinforces the importance of STEM education, crucial in today's technology-driven world. It fosters a culture of curiosity and lifelong learning, exposing students to various scientific disciplines, inspiring some to pursue careers in science. Ultimately, Science Symphony at DPS HRIT Campus contributes to the development of well-rounded, inquisitive, and innovative individuals prepared to make meaningful contributions to the world of science and technology.

STORY: India's Mission

India is a great country. India had a mission to send Chandrayaan 1 on moon. So, they started making Chandrayaan 1. Did you know who launched it? ISRO (Indian space research organization). It was launched on 22 October 2008. Its rocket was PSLV C11. Chandrayaan means mooncraft. Hopefully, Chandrayaan 1 was landed on north pole of the moon. It had a soft landing. With the motivation of Chandrayaan 1, the thought to make Chandrayaan 2 also sparked up. It was launched by GSLV MK III. Its lander was Vikram, and rover was Pragyan. Everything was going well but when Chandrayaan 2 was about to land on the lunar surface. It blasted with the pressure. ISRO was very downhearted after losing the signal. ISRO chief K Sivan cried a lot and hugged PM Modi. After seeing this, PM Modi gave motivation to ISRO. So, they started making Chandrayaan 3. Its lander was Vikram, and rover was Pragyan. It was launched by LVM3 M4. The launch site was Satish Dhawan space center, Sriharikota in Andhra Pradesh. Finally, it had a soft landing on the lunar surface but on the south pole! ISRO was joyful. Now, when we search which is the first country to land on the south pole of the moon. The name comes 'India'. It was a proud moment for the people of India

The Raven

Deep into that darkness peering,
Long I stood there, wondering, fearing,
Doubting, dreaming dreams no mortals
Ever dared to dream before;
But the silence was unbroken,
And the stillness gave no token,
And the only word there spoken
Was the whispered word, "Lenore!"
This I whispered, and an echo
Murmured back the word, "Lenore!"
Merely this, and nothing more.

A Dream

Standing with a flag and gun on the cliff
not knowing what would happen next,
I may die or I might not
but I know one thing for sure if that bullet hits on my frame it will never be dismal
everytime I thought of going there, it gave me chills,
You might find it silly of me dreaming about that but it is pride for me,
Dreaming of having those stars and stripes on my shoulder give me chills, if I ever get this chance I would never quit.

TEACHERS OUR HEROES

In the classroom's warm embrace, they shine,
Guiding us with knowledge, so divine.
Teachers, the guardians of wisdom's door,
Their impact on us, we truly adore.

With patience and care, they help us soar,
Teaching life's lessons, forever more.
In their guidance, we find our way,
Grateful for teachers, every single day.

So let's honor these mentors, wise and kind,
For in our hearts, their influence we find.
In the journey of life, they're the key,
Teachers, our heroes, for eternity.

The Voices

There's no one here but me, yet I can hear some people talk.

They are here, they are not there.

Are they no where?

They are some where.

The voices in my head never go to bed.

The memory streams, just screams and screams.

It laughs at my dreams.

And never talk my wins.

All of my secrets are known to it.

And trying to drown me in my own regret pit.

I try to run and hide.

But it's not possible.

Since I am the one in which it lives.

Living with Anxiety

Can't you hear my silent screams ?

They are so loud they echo in my dreams.

Behind this face that carries a smile.

Lies a dark path that goes mile and mile.

How can they hear my silent screams ?

They can't hear my thoughts if i keep telling I am fine.

It's like holding on to happiness like holding water in your hands.

It just flows between your fingers and disappears into the sands.

The Smiling Face

There was a boy with a smile on the face.

He was a good kid, he was a good boy.

But God took away all his joy.

On a dark Sunday, he got a call.

He didn't know his life would just fall.

A call from a person whom he would never see again.

The person who called sounded good.

But after that the boy quickly stood.

He heard a sound like a drop.

Suddenly his heart was stop.

The person was his father.

Then mysteriously he was gone forever.

He just disappeared like a shadow.

the boy's heart was literally hollow.

He just coped up by smiling.

As people didn't like his crying.

Who knows what's behind that smile.

Everybody just ignored that child.

The boy felled in the trap of darkness.

A trap he wouldn't be able to come out.

Education

Education is the act or process of imparting or acquiring general knowledge, developing the powers of reasoning and judgment, and generally of preparing oneself or others intellectually for mature life. It is the key to success for every individual as well as a whole country. Education not only secures the personal life of a person but collectively contributes to the development of a more reliable nation and the world. Education helps to develop critical skills like decision-making, mental agility, problem-solving, and logical thinking. People face problems in their professional as well as personal lives. In such situations, their ability to make rational and informed decisions comes from how educated and self-aware they are. Is there good education and bad education? This is a question that has been asked for years now. Good education works towards the goal of preparing and empowering individuals to lead a productive life that definitely impacts the economic growth of the society and country they are a part of.

Illiteracy has been a massive issue in the world from the very beginning. Illiteracy is caused by economic inequities, gender discrimination, caste prejudice, and technological hurdles. Population density is high. 'Extreme' poor people can't afford basic necessities, let alone schooling. Illiteracy has many interrelated causes and effects. ... Thus, one could easily argue that the increase in literacy is directly correlated with positive economic growth. In the past, education was not required, but in this day, universal education is becoming a necessity. Our country, India is also among some countries with high percentages of illiterate people. According to the Ministry of Education, Bihar has the lowest literacy rate in India at 61.8% while Kerala has the highest at 94%.

There are many ways to stop illiteracy in our country; but government cannot do thing all alone. It needs the support of all the citizens of India. The best way is to provide free education. Sarva Shiksha Abhiyan (SSA) was launched in 2001, aims to provide universal access to elementary education in the country. It focuses on increasing enrollment, Admission Management, improving the quality of education, and reducing gender and social disparities in education. The Vidya Scheme for Girl Students helps by giving one-time funding for female students. A breakdown of the costs associated with receiving financial aid is shown below. As part of this program, each girl would get between Rs. 10,000. Vidya Laxmi Portal was launched by the Government on August 15, 2015 to ensure that students can avail loans easily through single window system of banks for education loans. All these measures taken by the government, have contributed a lot in the increase of literacy in India. So we all should look forward for a better future by trying to provide best quality education to all citizens of our country.

HOW TO DOODLE YOUR LIFE

All new children of five, Let me teach you how to
doodle your life,
So you start by picking up pencil,
And some of you might use a stencil ,
Then you try to draw straight lines,
Thought some of you might draw spikes ,
But we have to avoid doing that,
Because it can have bad consequences ahead,
It is very important to use a good pencil,
Or else you might have to use an eraser,
And your time will get wasted,
And sometimes it might happen that,
The nib of your pencil would get cracked,
But instead of crying then,
You can borrow a sharpener from your mate,
And start drawing straight lines again, Because it is
never too late.

DREAM OF A UTOPIA

I had a dream where everybody was perfect.
A place where the youngsters were not reposing
themselves,
A place where young girls could feel safe,
A place where people could be human again.
A place where sadness was like a myth or a tale,
A place where people could learn to love again.
But when I woke up in my bed,
All I saw was a world of despair.
Where people were judged on sizes and shapes,
Where people were classified on colour and race.
I saw a world burning in the flames of
hatred,
A place where people had forgotten
how to smile again.
I wish I could have slept forever,
Living in that world of love and care

A Symphony in Rain

Hearing the delicate drops
on the roof of my home
Admiring the scent of the soil
It brings me solace.
Bittersweet, I guess
Recollections flood back into my mind
Reminding me of all the times
That I've cried and laughed in this rain
and played the strings of my guitar
In the tune of my sorrow
Past memories that I wish I could reminisce about.
Rain is like a momentary pause in life
a pause in time
To treasure what is present before
me,
The aesthetics of Earth
Rain astonishes me and enchants me
I feel the rhythm, melodies, sounds,
colours and mysteries.

The computer analysts and operators have mastered this art of communication. By opening a website and with installation of modern a person can surf the whole range of programmes and can gain immense knowledge. It could be any site-business, entertainment, medicines, related to studies; and by just pressing the mouse the subject of your interest is in front of your screen.

One can place orders, buy goods, get a job, find the name of medicines, make friends, listen to music, find out the results, just anything is possible because of this facility. The students can get help from the latest technology and use the knowledge available to treat their patients by the latest medicines.

But the internet is useful only if it is rightly explored. The youngsters of today's generation have started misusing this facility. Instead of taking full advantage of this facility, the teenagers have started wasting their precious time in fruitless chatting. They waste their time, energy and this has harmful effects on their eyesight also. A blessing if not properly used or overused becomes a bane. So, this should be avoided and the youngsters themselves should use internet properly.

A Masquerade

We remember those Times,
When we used to play in the rain,
And smile under the sun,
When we were children,
Playing in the garden,

We don't remember what changed,
Or how it all began
When we started to take part in that masquerade.

We started to put on a mask for those to see,
The people who thought they knew me,
We hide our thoughts,
Our feelings too,
We hid so well from all of you.

We couldn't handle it at all,
In the pressure we fell,
But we told everyone that we were well,
So we smiled away ignoring the tears that fell
Showing no sign of weakness at all.
We hide behind an empty screen,
We are different inside, not what we seem.

We wanted to fit in, not to be cast away,
So, we locked our heart away,
Every day,
Forever in disguise we'll stay
This debt we pay to human guile;
With torn and bleeding hearts we smile,

Why do we hide behind that mask,
That's the question that they ask,
But we are too scared to talk,
As we are afraid to be judged in that court,
Where the law is blind, deaf and can't talk.

But when we are all alone,
We take that mask off our face,
We trade that smile ,
For the tears we shed in disgrace,
We have become what we used to despise,
Trying to hide our feelings with this shameful disguise.

We don't know when did it end,
All of the excitement,
We don't know how did it begin,
Getting trapped in the chains of enlightenment,
We started to question ourselves,
As we were not sure,
What were we made for.

It is the beginning of a new year,
And there are many masks that we can
wear,
Let's pick some new shades,
Even though we are afraid,
Let's start another masquerade.

ChatGPT

What is ChatGPT?

ChatGPT is a language model developed by OpenAI. It's designed for natural language understanding and generation. It uses the GPT-3.5 architecture and can provide:- Information, Answer questions, Generate texts and engage in conversations on a wide range of topics.

Why is it bad for us?

There are many reasons such as:- Misinformation ,Bias ,Ethical Concerns, Privacy etc. But the most crucial concern of all is Dependence on it, Overreliance on AI for tasks like research or problem-solving can discourage critical thinking and human ingenuity. (Other AI's similar to ChatGPT also come in this category)

Pros of ChatGPT:

1. Information Access: ChatGPT can provide information on a wide range of topics.
2. Convenience: It's available 24/7, Allowing users to get quick answers or assistance at any time.
3. Multilingual Support: ChatGPT can communicate in many languages breaking down the language barrier.
4. Creativity: It can assist with generating creative content, Such as Writing, Brainstorming and Idea generation.
5. Personal Assistance: ChatGPT can be used for personal tasks, like Setting reminders, Answering questions, Or providing recommendations.

Cons ChatGPT can impose:-

1. Misinformation: ChatGPT generates incorrect or misleading information, Spreading false facts.
2. Bias: It produces biased content or reinforce existing biases present in it's data.
3. Privacy Concerns: Depending on the usage, It poses Privacy concerns, Especially when handling sensitive data.
4. Lack of Critical thinking: Overreliance on ChatGPT discourages critical thinking and independent research.
5. Ethical Issues: If used unethically, It can be employed for malicious purposes, Such as generating spam or fake news.

Why should we avoid using ChatGPT?

Aside from the above listed things, ChatGPT has been also shown to produce some terrible answers that discriminate against Gender, Race and Minority groups.

The Role of School Sports

There is an adage "All work and no play makes jack a dull man". A student who is good in sports as well as in academics, develops an overall personality which is reflected in his or her life. It gives him strength, a sense of discipline and how to associate with other players. School sports make school life more interesting.

School sports play a very important role in teaching a student team spirit. They teach a student to play the game for the sake of the game and not for the sake of winning. So spirit of healthy competition and discipline is taught to the students.

School and college sports also help the student choose careers in sports itself. So, school sports should be encouraged and concerned authorities should see to it that schools make proper provision for this.

Now-a-days all the colleges and schools have sports as a part of compulsory curriculum. So, for this purpose schools have big playgrounds. They have big playgrounds to accommodate games like football, hockey and cricket. Some schools provide their students games like basketball, volleyball, table tennis, lawn tennis and badminton.

Some schools even have gymnasiums to develop a child's physique and mind. A student can apply the sportsman spirit in his everyday life also and learn to accept defeats with a smile. Sports also teach us that practice make a man perfect and hard work always pays in the end.

Saving our Culture and Traditions

Preserving our culture and traditions is a very crucial task for us to maintain the dignity of our culture across the time and future generations. Our cultural heritage is a huge collection of our shared history, our ethical values, beliefs and practices that define us and our ancestors. It is a compass or map that guides us through the complexities of modern life such as mental stress work pressure and health problems.

Culture and traditions serve as threads that bind us to our roots, and when they are separated from us, we risk losing our identity and the wisdom of our ancestors. As in India, we are shifting ourselves from our culture and heritage towards the western cultures and habits. It is not that we are complaining about their culture or it will harm us but the point is that they have a base of their culture, and the true identity of themselves, but we are shifting our base culture which will just cause an situation of nowhere for us.

We can adopt or change any practice in our culture which will enhance it but replacing it with the bad ones is not ethical. For ex., we had started ignoring Yog from last 2 or 3 decades which we had in our culture from a very beginning of it but when western people started doing Yoga and it was scientifically proved by them that it is a very good exercise to maintain our health, we also started encouraging it by copying them.

Our culture heritage is a wellspring of creativity and diversity.. It encourages art, music, language, and customs into our lives, making the world a more vibrant and enriched place. By safeguarding these elements, we ensure that future generations can draw inspiration from the past and celebrate the richness of our cultural tapestry. It is a commitment to honor our shared history unity and unique aspects of our heritage. We all have to conserve it and try to avoid the changes which are made by our modern lifestyle in our age old culture and traditions.

A Tapestry of My Favorite Things

From calming musical notes
To poems that make my heart rhyme
Books that open doors to enchanted lands
Guitars strummed by gifted hands.
Wrapped in woolen blankets
I find comfort in the darkest night.
Embracing the weirdness in me
Love that is boundless like an open sea
Old songs that make me dream about the past
In this tapestry of life, my favorite things
Simple things that make my heart find its light
like driving through tunnels, or laughter that echoes
like arabian jasmynes or petrichor's scent
like the moon or the clouds, or the raindrops on my nose
like long drives or velvety chocolates
like old couples or jumping in rain puddles
like watching movies and sleeping in
like the feeling of checking off items on my to-do list
like origami or new stationery
like my father's hugs or my mother's laugh
like the ganga shore or the warm sunlight
like smelling flowers and reading harry potter
like giving gifts and singing with my friends
like all the things in which my life blends
Each one a piece of my heart's design,
Woven with threads of joy and sorrow,
love, and loss.
And all of my favorite things.

Sometimes I Pray To The God

That I fulfill all her wishes.
She must be the happiest,
With all the riches of blisses.

My mother is the kindest,
That she reminds me of the angels.
Her smile is full of life,
It can light up the candles.

She used to sing when I couldn't sleep,
She used to hold me when I would weep.
She makes the best food indeed,
I regret those days where I don't eat.

She picks me on my odds,
So I have none of the flaws.
May god give her all my happiness,
Sometimes I pray to the god,
Sometimes I pray to my mom.

India Is A Secular Country

India is a secular country. (Country which doesn't promote any one religion) But Not every single citizen believes that some still have that old mindset that Hindu, Muslims, Christians, Sikhs, Jains and Buddhists are not equal and they can't be equal. It hurts when I think people after living in the modern century still have an old mindset. And rather literate people have this mindset. We are so lucky, we should feel proud to be an Indian. Our country is the country where people of different religion, cultures live. Where we have Srirangam Ranganathaswamy Temple, Taj-ul-Masajid, Catholic Church, Gurdwara Darbar Sahib, Shree Pavapur Tirth Dham, Tawang Monastery etc. I want to ask one question to every single citizen: why do we discriminate between these small things? After all we all are human beings, we all need food, water, air, shelter to live. There is only one god in the universe, the only difference is that we call him by different names. While creating us if he had not discriminated between us, (he had given the same organs to everyone) Then who are we to discriminate between us.. While taking freedom, if Gandhi ji had said i am hindu, if Bhagat Singh had said i am sikh, if Maulana Azad had said i am muslim then how will we get freedom, we were still in the capture of British. They all have taken freedom together. In the fight for freedom there were the people of different religions, cultures but they had not discriminated then why do we discriminate? There is one more reason why India is so far from the USA, Dubai etc in compare to technology etc. Because our focus is only on fighting with each other on the basis of religions, cultures etc. If will change our mindset, We will stay together with love, if have will have unity then we can reach anywhere today we have reach on the moon and became first country to land on south pole. if we will work together then tomorrow we can come first in every field and acn make our nation name famous in all over the world.

My Fight with Myself - A Class 12 Student's Journey

Life as a Class 12 student is nothing short of a rollercoaster ride, filled with academic challenges, dreams, and aspirations. Amidst the chaos of exams, college applications, and the impending leap into adulthood, there's a quieter, more personal battle being waged within me - my fight with myself.

The Identity Crisis:

One of the most defining aspects of being a Class 12 student is the quest to discover oneself. It's the time when the future looms large, and decisions about career paths, college choices, and life goals become paramount. In this pursuit, I've often found myself in a constant tug-of-war between who I am and who I want to become.

The Pressure to Excel:

The academic pressure in Class 12 is undeniable. The desire to excel, secure top grades, and get into a prestigious college can sometimes become an all-consuming force. My fight with myself often takes the form of battling self-doubt and imposter syndrome, questioning if I'm truly capable of achieving my goals.

Balancing Dreams and Realities:

Dreams are a powerful motivator, but they can also be a source of conflict. My aspirations often clash with the practicalities of life. The pressure to conform to societal expectations sometimes overshadows the pursuit of my true passions and interests.

Finding Balance:

In the whirlwind of Class 12, I've also learned the importance of balance. Balancing academics with personal interests, self-care with productivity, and ambition with contentment has become a crucial part of my fight with myself.

My School's Support:

I'm grateful for the support of my school Delhi Public School HRIT Campus, which has been an unwavering pillar throughout this journey. The guidance of Our Compassionate and Encouraging Principal Ma'am, my Dedicated and supportive teachers, the camaraderie of my peers, and the nurturing environment have provided me with the strength to face my inner struggles head-on.

So, to my fellow Class 12 students, embrace your fight with yourself. It's a battle that will shape you, teach you, and ultimately lead you to become the best version of yourself. As Albert Einstein wisely said, "The only source of knowledge is experience."

Chandrayaan-3

Why is Chandrayaan important?

• The Chandrayaan mission holds significance not only for India's space program but also for the country's economy.

Main Points –

1. Payload - We had a bit of a complex payload for Chandrayaan-2, with three key components to consider. These included the Lander, Rover, and Orbiter. - Chandrayaan-3's latest mission included only a rover and lander, as the orbiter had already completed its mission in 2019.

2. Powerful lander - The team behind Chandrayaan-3 has made some significant changes after learning from the mistakes that were made during Chandrayaan-2. The team working on Chandrayaan-3 has made some modifications examples - • The legs of our lander have been made stronger than the previous version. • Our engine capacity of the lander has been increased. • Added a hazard detection to the lander.

3. Instruments - The moon offers valuable insight for studying Earth, planning missions, detecting weather patterns, and observing exoplanets. - Chandrayaan-3 was launched with a new instrument called "SHAPE" meaning "Spectro Polarimetry of Habitable Planet Earth" to study exoplanets and collect data from Earth. This will help researchers learn more about habitable planets beyond our own.

4. Launch vehicle - There is one more reason to launch Chandrayaan 3, which is LVM 3 launch, because with this launch vehicle, "we can send heavier payloads into space."

5. The cost - Chandrayaan-3 mission will have a smaller budget than the previous one. It's great to see that our space programmes are becoming more efficient. Progress till date – "Chandrayaan-3 successfully completed Lunar Orbit, a major milestone achieved by the dedicated team behind the mission. We all are looking forward to further updates"

Article on Mental Health

Mental health includes emotional, psychological, and social well-being. It affects how we think, feel, act, make choices, and relate to others.

Mental health affects thoughts and behaviors, and the symptoms are pretty usual, a person with mental illness might seem sad or down, and they might seem confused due to a reduced ability to concentrate. Excessive fears or worries, or extreme feelings of guilt can also be a symptom. Mentally ill people tend to be cut off from their friends or family, and they withdraw from social activities. Suicidal thinking, insomnia, self-harm, excessive anger, detachment from reality, and avoiding food are major and critical symptoms that require immediate attention.

Poor physical health is a more common factor than you might think for illness. It can impact self-esteem and the ability of people to achieve their goals. This can lead to depression, unhappiness, or even suicide. Young people can be affected for many years by how they deal with grief. It is very difficult to go through a separation, divorce, or the death of someone close. Life is constantly changing. It doesn't matter if the change is sudden or expected. We can still struggle to deal with it.

People are so ignorant of the fact that mental health is one of the most important invisible conditions that can put a patient through a lot of pain and serious conditions, People would treat the symptoms or the problems by claiming them to be just another "phase of life". However, it has been gaining a lot of support lately, as the media and schools are trying hard to normalize it. The best part might be that PM Narendra Modi launched a National Mental Health Program. The service can be accessed by calling the helpline. The Mental Health Act was also passed in 2017 by the government for mental healthcare. Mental illness can also cause panic attacks or anxiety attacks. When panic attacks occur, you might think you're losing control, having a heart attack, or even dying.

If your loved one shows signs of mental illness, have an open and honest discussion with him or her about your concerns. You can offer encouragement and support. You can be a good listener and just try to be there for them.

The Cosmic Challenge

In a small village, there lived a curious boy named Ram. While other children played games and chased after toys, Ram's fascination lay in the boundless mysteries of space and time. Every night, he would gaze up at the stars, his mind wandering through One summer, Ram's unstable curiosity led him to embark on a journey to the Himalayas. With his telescope and a heart full of wonder, he ascended the lofty heights of the mountains, seeking a clearer view of the cosmos. As night blanketed the world in darkness, Ram trained his telescope on the night sky, hoping to glimpse the wonders of distant stars and planets.

As he focused his telescope on the majestic Mount Everest, a shock of awe struck him to his core. Standing beside the mountain was a huge figure, towering even higher than the peak itself. Ram's heart raced as he realized that this towering being was unlike any he had ever seen. Yet, the shroud of darkness concealed the giant's features, leaving Ram with nothing but an impression of mystery.

The next morning, Ram awoke to find himself in a place entirely foreign to him. The huge mountains had been replaced by an otherworldly landscape, and curious beings of all shapes and sizes surrounded him. His heart raced as he tried to understand what had transpired. Before him, a massive screen displayed the image of a distant, commanding voice through the air.

"The top hundred who conquer the Supreme Universal Quiz will be granted the ultimate reward," the voice declared. "A tour of over a thousand universes, a journey beyond imagination. But those who fail will become the servants of Mr. Unknown, bound to his will for infinite timelines."

As Ram conversed with others who had mysteriously appeared like him, he learned that they were not only from Earth but also from various corners of the solar system. These were individuals who, like Ram, possessed an exceptional understanding of space and its wonders.

With the problems higher than any he had ever imagined, Ram found himself in an otherworldly spacecraft. Guided by beings who seemed to possess boundless knowledge, countless questions awaited him, challenging his understanding of the cosmos and stretching the limits of his knowledge.

Days turned into weeks, and Ram's thirst for knowledge burned brighter with each passing moment. He encountered puzzles that tested his logical reasoning, riddles that challenged his imagination, and questions that required him to think beyond the boundaries of human understanding. Yet, as the challenges grew more complex, so did his determination to succeed.

As the final rounds of the Supreme Universal Quiz came near, Ram's heart raced with a mixture of excitement and scaredness. The questions became more complex, the answers were more difficult. And with every challenge he faced, Ram felt himself coming closer to unlocking the secrets of the universe.

As the dramatical round finished, Ram found himself standing on the precipice of knowledge, facing the ultimate question—one that unlocked the key to his destiny. With his heart pumping extremely fast, he took a deep breath and answered.

The screen disappeared, and a brilliant light said 'Ram'. He found himself standing once again on the familiar territory of the Himalayas. The towering figure was nowhere to be seen, and the night sky glittered with stars.

Ram's heart stopped with a sense of accomplishment. The journey he had undertaken, the challenges he had overcome, had not only expanded his understanding of the cosmos but had also forged a bond between him and the universe itself.

As he returned to his village, Ram carried with him the memories of his extraordinary adventure. He knew that the quest for knowledge was infinite, that the universe held mysteries beyond imagination. And as he gazed up at the stars each night, he felt a undefined connection—a connection that joined him with time, space, and the unknown.

गांव और शहर

कुछ तो बदल रहा है,
न जाने दिल सा टूट रहा है,
हर तरफ शहर दिख रहा है,
गांव तो ढूँढने से भी ना मिल रहा है ॥

शहर घूमता है काले चश्मे लगा के,
गांव में तो आज भी लोग आंखें मिला लेते हैं,
शहर बीमार हुआ दवाओं से,
गांव में तो बीमारी में भी साथ निभा जाते हैं ॥

शहर के घरों से तो लोग खाली हाथ लौट आते हैं,
गांव में तो बर्तन भी खाली नहीं लौट आते हैं,
शहर में पानी लाने में ही घंटे लग जाते हैं,
गांव में तो नौकरानी तक को साथ में खिलाते हैं ॥

देखो मुस्कुराती है फूल गोभियां,
शहर ने पहले बदले रंग फिर हरी सब्जियां,
न जाने यह क्यों हो रहा है,
गांव तो दुख के आंसू रो रहा है ॥

गांव में तो लोग अपने माता-पिता के नाम से जाने जाते हैं,
शहर में तो लोग मकान नंबर से पहचाने जाते हैं,
न जाने कैसे पूरा गांव एक परिवार बन जाता है,
शहर में तो परिवार में ही अनजान बन जाते हैं ॥

पर देख रहा हूं मैं कि थोड़ा सा शहर घुस रहा है गांव में,
कोई चुपके से चाहिए वक्त कर रहा है नाव में,
ए•सी• की कमी के द्वारा है पीपल की छांव में,
वीडियो गेम खिला रहा है पकड़म पकड़ाई को हटा कर,
कोई शहर बसा रहा है गांव को हटा कर ॥

शहर बसाकर गांव ढूँढते हैं,
अजीब पागल हैं,
हाथ में कुल्हाड़ी लेकर छांव ढूँढते हैं,
मेरी दुआएं हैं कि तरक्की करें यह समाज और तरक्की तुम करना,
लेकिन गांव की लाश पर शहर मत बसाना,
रे गांव की लाश पर शहर मत बसाना ॥

जो गुजार नहीं पाओगे, वो एक राज हूं मैं,
की होगी तुमने बात कई बार कई लोगों से,
दिल पर जो लगेगी, वो एक बात हूं मैं।
भीड़ में अकेला अपने को पाओगे तुम,
अपनेपन का जो एहसास दिला दे वो हूं मैं।
बिताए होंगे कई सुंदर पल सबके साथ में,

कुछ समय अपने साथ भी बिताना

"मौजूद तो हूँ मैं इस दुनिया की भीड़ में,
परंतु खोज अपने आप को रहा हूँ।"

जैसे-जैसे हम बड़े होते हैं हमें कुछ चीज़ें समझ आती हैं। शायद एक ऐसी चीज़ मुझे भी समझ आई और वो है अपनी कदर अपना महत्व। हम जैसे देखते हैं कि आजकल सब अपने आप को समय ही नहीं देते। उन्हें अपनी कदर ही नहीं होती। इसका मतलब ये नहीं कि वह लापरवाह है या दिशा से भटके हुए लोग हैं। पर शायद उन्हें यह ज्ञात नहीं कि वह अपने लिए कितने महत्वपूर्ण हैं। मैं अपने आस पास देखती हूँ, मेरे मम्मी- पापा या मेरे अध्यापक और भी बड़े लोग सब या तो हमारे लिए कार्य कर रहे होते हैं या अपनों के लिए। वह कभी अपने आपको समय ही नहीं देते। माना उमर के साथ-साथ ज़िम्मेदारी निभानी पड़ती है, चीज़ें संभालनी पड़ती हैं, परन्तु क्या हम ये नहीं सोचते कि हम अपने लिए क्या कर रहे हैं? हम दूसरों को खुश करने का प्रयास करते रहते हैं और करना भी चाहिए, परंतु क्या कभी हमने अपने आप को खुश करने का प्रयास किया? क्या कभी हमने सोचा कि आज हम जो भी कर रहे हैं किस की वजह से कर रहे हैं? और ये सत्य है हम अपनी वजह से कर रहे हैं। अगर हम नहीं होंगे तो क्या ये कार्य पूर्ण हो पाएंगे? उत्तर है 'नहीं'। अपने आपको खुश रखने से मेरा तात्पर्य है -वह कार्य करना जिससे हम अपनी अहमियत समझ पाएं। जैसे हम रोज़ कोशिश कर सकते हैं आधा घंटा बैठकर अपने बारे में ऐसी 5 बातें लिखने की जो अच्छी हैं या बुरी या हम अपने आस पास वालों से पूछ सकते हैं। बुरी बातों को सुधार सकते हैं और अच्छी बातों को और अच्छा कर सकते हैं। देखा जाए तो औरो की तरह, अपनों की तरह हम भी हमारे लिए महत्वपूर्ण हैं। अपने लिये सोचना ज़रूरी है। सिर्फ अपने लिए सोचना भी गलत है। परंतु दूसरों के साथ-साथ अपने लिए सोचना मानव विकास है। हमें अपने लिए ऐसे कार्य करने हैं जिससे हमारे मन को शांति, हमें खुशी, और दूसरों को भी सुख मिले। कभी-कभी अपने साथ समय बिताने से भी सब कुछ ठीक हो जाता है। हमें एक बार प्रयास तो करना ही चाहिए अपने आपको पहचानने का, अपने अस्तित्व को पहचानने का, अपने चरित्र को समझने का। देखा जाए तो हम न किसी को साथ लाते हैं न साथ ले जाते हैं, अंत तक हमारे साथ जो रहता है वो हम ही हैं। तो क्यों न हम अभी से ही प्रयत्न करें अपने लिए अंत बेहतर बनाने का।

वह मेरा पसंदीदा भोजन बनाने और हमें नई चीज़ें सीखने में मदद करने में भी बहुत अच्छी है। वे हमें जीवन के बारे में महत्वपूर्ण सबक सिखाते हैं, जैसे दयालु कैसे बनें, मदद करें और जिम्मेदार बनें।

मेरी माँ मल्टीस्टार है, वह सुबह जल्दी उठकर मेरा लंच बनाती है और मुझे स्कूल भेजती है और फिर वह अपने काम पर चली जाती है, वह थकी हुई आती है लेकिन फिर भी रात का खाना बनाती है।

मेरी माँ सुपरहीरो की तरह हैं, वे एक साथ बहुत सारे काम कर सकती हैं और हमेशा अपने बच्चों की ज़रूरतों को पहले रखती हैं। वे हमें एक सुरक्षित और प्यारा घर उपलब्ध कराने के लिए कड़ी मेहनत करती हैं।

सर्दी का मौसम

सर्दी का मौसम आया,
चारों ओर कुहरा है छाया।

रजाई, कम्बल ओढ़ने के दिन लाए,
बर्फीली हवाओं संग आए।

सबने पहने ढेर सारे कपड़े,
चाहे बच्चे हो या बूढ़े।

सभी के हाथ पैर कांपने लगे,
कुछ लोग शिमला, कश्मीर की सैर करने लगे।

सर्दियों में सबकी नाक लाल,
हालत सबके हो गए बेहाल।

लोग जिस सूरज का करते गर्मी में तिरस्कार,
आज उसी सूरज का करते सर्दी में इंतजार।

धूप सभी सेकने लगे,
हर ओर आलाव जलने लगे।

सर्दी में सभी लेते मजा गर्म चाय का,

यदि मैं देश का प्रधानमंत्री होता

देश में प्रधानमंत्री का बहुत ही महत्वपूर्ण स्थान है, इसलिए प्रधानमंत्री बनना देश के हर नागरिक के लिए बहुत गौरव की बात है। प्रधानमंत्री का काम बहुत-बहुत ही जिम्मेदारी भरा होता है, इसलिए प्रधानमंत्री बनना बहुत जिम्मेदारी का और महत्वपूर्ण काम है। देश का हर नागरिक प्रधानमंत्री बनने का सपना देखता है कि अगर मैं भी अपने जीवन में कामयाबी की बुलंदियों पर रहा, तो मेरे लिए यह बहुत ही गौरव की बात होगी।

अगर मैं भारत का प्रधानमंत्री बना तो मैं देश की उन्नति के लिए अपनी समस्त क्षमताओं का उपयोग करके उसका गौरव बढ़ाने का भरपूर प्रयास करता रहूंगा। इसके अलावा मैं अपने देश में जो भी योजनाएं और जो भी प्रतिक्रियाएं हैं, उन सभी में परिवर्तन लाने की पूरी कोशिश करूंगा। यह सब बातें सिर्फ कहने के लिए नहीं हैं, मैं देश के हित के लिए सभी कार्य करता रहूंगा।

मैं प्रधानमंत्री बना तो सबसे पहले यूपी में स्थित गाजियाबाद जिले में स्कूल जिसका नाम डी०पी० एस० एच० आर० आई० टी० कैम्पस है, उसको पुरस्कार प्रदान करूंगा। क्योंकि उन्होंने न केवल अपने छात्रों को ज्ञान प्राप्त कराया है, बल्कि इसलिए क्योंकि उन्होंने छात्रों को खेल कूद के क्षेत्र में भी अधिक बढ़ावा दिया है। भारत में दलित समाज को बढ़ावा देने के बावजूद उन्हें रोजगार देने की बात करूंगा भारत को दोबारा सोने की चिड़िया बनाऊंगा और कश्मीर में पंडितों को पुनर्स्थापित करूंगा। शायद ही ऐसे उदाहरण पूरे भारत में कहीं मिलेंगे और भारत में पूरे भारत का बच्चा भारत माता की जय कहता दिखेगा।

रामायण की चौपाई हो, गीता का ज्ञान समेटे वो,
या ये कह लो शुभ कर्मों से कोई उपहार इनायत हो !
वो ही गंगा, वो ही दुर्गा, उसमे भगवान समाते हैं,
जिस घर मे आती है बेटी, उस घर के भाग्य खुल जाते हैं!
रौनक उसमे आ जाती है, हर ओर समृद्धि छाती है,
गम हो या खुशी, हर पल ही वहाँ केवल मुसकान समाती है!
ऐसी अनुभूति पाता हूँ, जैसे कि स्वर्ग में बैठा हूँ,
हूँ धन्य कि घर मे बेटी है, लगता है कुछ मैं अनोखा हूँ!
होती स्वर्गों की अनुभूति, जिसमे भगवान समाते हैं,
बेटी मिलती है उनको ही, जिन पर प्रभु खुश हो जाते हैं!
जब मुख खोले क्या क्या बोले, हर शब्द में अमृत की धारा,
वो ऐसी जैसे बना दिया, कुछ जग में सबसे ही प्यारा !
तुम ही बोलो क्या मुमकिन है कलयुग में ऐसा भी होना,
बिन स्वार्थ के चिंताये करना, फिर डांट के यूँ ही रो देना !
ये अहोभाग्य हैं मेरे भी, कि बेटी मेरे घर भी है,
बेटा गर कुल का दीपक है, तो बेटी कुल की ज्योति है।

गुरु कौन हैं?

जिन्होंने हम में कुछ देखा, जो हम भी नहीं समझ पाए थे
जिन्होंने हमें एहसास दिलाया कि, हम में भी कुछ बात है गुरु वह
हैं, वे ही हैं।

जब आए गम के साए, हम हो गए विचलित भावुक उन्होंने अखण्ड
प्रकाश बनकर,
हमें धीरज का पाठ पढ़ाया गुरु वह हैं, वे ही हैं।

जब आई कठिन चुनौती, हम थोड़ा घबराए सकुचाये,
उन्होंने सदैव सारथी बनकर, हमें उन्नति का मार्ग दिखाया गुरु वह
हैं, वे ही हैं।

जिंदगी के कई प्रश्न थे, भगवान हैं भी कि नहीं उन्होंने कई भेद
खोल कर,
हमें अध्यात्म से परिचित कराया गुरु वह है, वे ही हैं।

क्या गुरु वे ही हैं जो कक्षा में पाठ पढ़ाएं, वह तो हैं ही
पर वे भी हैं जो जीवन के नित सबक सिखाएं, मात-पिता, भाई बंधु
सब गुरु ही हैं, गुरु वो भी हैं।

कभी लगता है कि कैसे उनका ऋण उतारें,

वह कहते और कुछ नहीं, बस दूसरों के लिए
प्रेरणा बन जाओ गुरु वह हैं, वे ही हैं गुरु वे हैं, वे
ही हैं।

हमारा लोक संगीत

लोक संगीत पहाड़ी से गिरते निर्झर के अनगढ़ और अनियमित उच्छलन और उसके नदी रूप में एक लय के साथ बहने की कल-कल का समन्वित रूप है। संगीत में यद्यपि नृत्य भी सम्मिलित होता है किंतु सामान्य तौर पर संगीत से आशय वादन और गायन से माना जाता है। जहां तक लोक संगीत का प्रश्न है तो इसमें वादन के उपकरण और उनको बजाने के संबंध में कोई निश्चित परंपरा नहीं है। इसके उपकरण अर्थात् वाद्य बड़े अटपटे उल्टे सीधे और शुद्ध ग्रामीण होते हैं उनको बनाना और उनसे स्वर लहरियां निकलना केवल ग्रामीण जन के लिए ही संभव है। इन अनगढ़ वाद्यों से ऐसा सुंदर और कर्णप्रिय संगीत फूटता है जो शास्त्रीय संगीत से संबद्ध वाद्यों से भी नहीं निकलता।

लोक वाद्य यंत्रों के रूप में घड़ा, करताल, चिमटा, नगाड़ा, ढोल, डफली, बीन, बाँसुरी, तुरही आदि अनेकानेक चीजों का प्रयोग किया जाता है।

इन वाद्यों में हारमोनियम और नक्कारा सर्वाधिक तालवाले वाद्य माने गए हैं। लोक वाद्यों में ऐसे अनेक वाद्य होते हैं जिन्हें साधारण ग्राम्य जन भी आसानी से बजा लेता है। जैसे नरकुल से बाँसुरी, तुम्बी से बीन और इकतारा। इसी प्रकार घड़े जैसी साधारण वस्तु भी कभी-कभी बाजे का रूप ले लेती है और फिर इसी से संगीत की उत्पत्ति कर ली जाती है। लोक वाद्यों के लिए किसी विशेष आसन या स्थान की आवश्यकता नहीं होती। वरन उठते-बैठते आते-जाते कहीं भी इन वाद्यों से स्वर लहरियां उत्पन्न कर दी जाती है।

ऐसा नहीं है कि शास्त्रीय संगीत में लोकगीतों और सुरताल का निषेध होता है। अनेक स्थानों पर शास्त्रीय संगीत की परिधि में भी लोकगीतों के गायन का प्रचलन है। शास्त्रीय संगीत की अनेक तालें भी लोकगीतों में प्रयुक्त होती हैं। अधिकांश लोकगीतों में ताल कहरवा ही बजाई जाती है। इसके स्थान पर द्रुत गति और अंतरे में वही ताल विलंबित गाई जाती है। ताल दादरा ब्रज के अनेक गीतों में बजाई जाती है। कुछ विद्वानों के अनुसार लोक संगीत में शास्त्रीय संगीत के साथ स्वरों में से केवल 'गांधार' और 'निषाद' का ही प्रयोग किया जाता है। अपार जनसमूह के सामने मनोरंजन के लिए गाए जाने वाले गीतों में लोक संगीत का अत्यंत महत्वपूर्ण स्थान है। यदि लोक संगीत को निकाल दिया जाए तो निश्चय ही लोकगीत से प्राप्त रस समाप्तप्राय हो जाए।

मन

क्यों आकाश सा नहीं है, जिसके निराकार कोने में
विलीन कर दूं,

क्षण प्रतिक्षण उद्दीप्त होती क्रोध की परत दर परत।

मन

क्यों धरा सा नहीं है कि हल कर लूं

प्रतिदिन सामने से गुजरते धैर्य के प्रश्न पत्र का प्रत्येक
'सवाल'?

मन

क्यों सागर सा नहीं है कि उत्तीर्ण कर
लूं

विष पीकर भी खिलखिलाते रहने की
कठिन परीक्षा?

धूप

सुनहरी धूप, खिड़की की झिरी से,

छनकर कमरे में दाखिल होती।

धूल के कण, क्षण में मोती बन जाते,

यही तेजोमय सतरंगी धूप से,

टहनी के पत्तों में रखी हुई बूंद,

तुरंत हीरे मोती में बदल जाती।

मैं कभी सोचता आखिर,

धूप सबको कितना कुछ बाँटती।

चांद तारों को छूने की आशा

चांद पर पहुंच कर
अब हमारे हौसलों में पंख लग गए ।
18 वीं सदी फ्रेंच की थी,
19वीं ब्रिटिश की,
20वीं यू एस की,
तो 21वीं सदी निश्चय ही भारत की है ।
चांद के साउथ पोल में सबसे पहले
पहुंचकर
हमारे इसरो ने ही तिरंगा फहराया है ।
नमन है ऐसे वैज्ञानिकों को जिन्होंने महीनों
घर से दूर रहकर
देश को यह मुकाम दिलाया है ।
देश को आज गर्व है
अपने देश के नेतृत्व में
जिसने हम भारतीयों को
अपने भारतीय होने पर मान करना
सिखाया है ।
आज हम भारतीयों को है उम्मीद
अब कोई सुंदर पिचर्ड या सत्या नडेला,
भारत छोड़कर यू एस नहीं जाएगा,
नए गूगल और माइक्रोसॉफ्ट को इसी
जमीन पर बनाएगा ।

सैनिक की आखिरी चिट्ठी

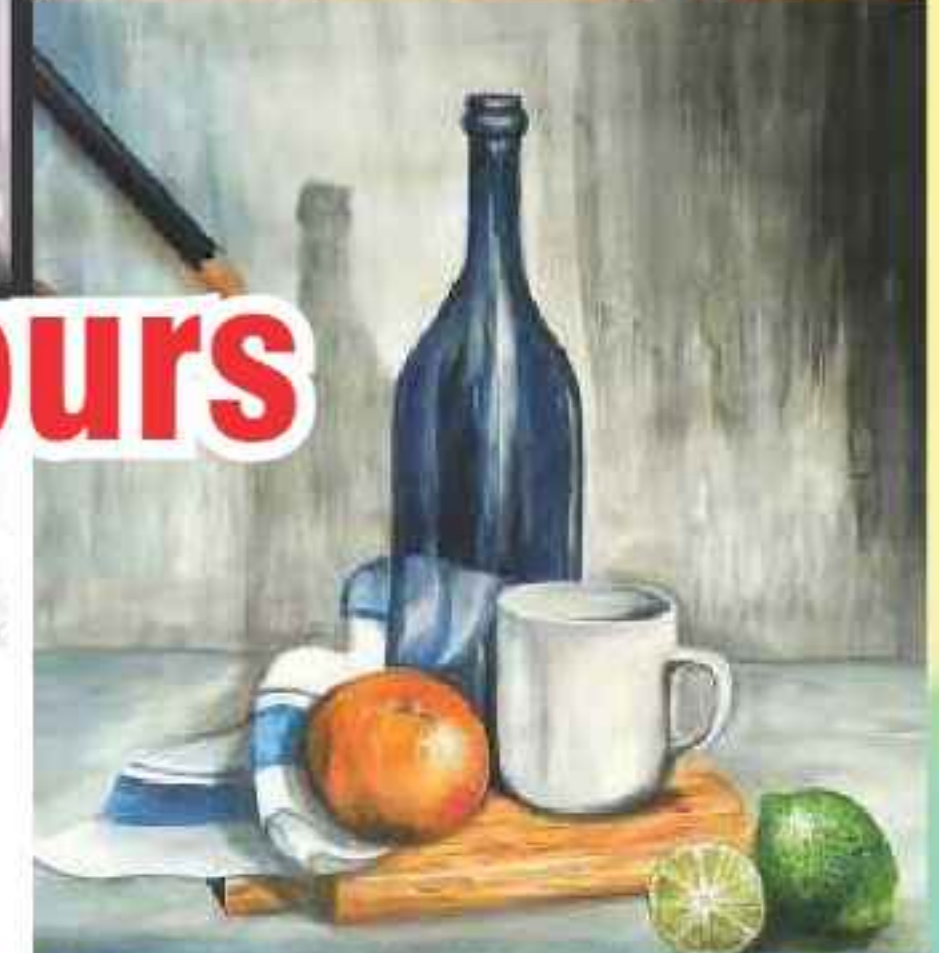

इस जीवन रूपी सागर को नदियों से हमें भरना है,
है बहुत खूब ये देश मेरा जहां इसे समर्पित करना है,
है रखवाले भारत माँ के हम अपना शीश नवाते हैं,
आता मौका जब भी है हम अपनी जान लुटाते हैं ।
बस यही आग्रह तुम से बस यही आग्रह तुम से है ,
तुम मान हमारा रखना हर प्रहरी है प्यासा प्यार को,
सम्मान हमारा रखना ।
कल यही समय ,कल यही शाम दुश्मन का कफन सजाएंगे,
सींचते धरती लहू से हम खुद भी कुर्बान हो जाएंगे ।
हैं शूरवीर इस देश के, हम फिर ना लौट के घर को आएंगे,
ना अशक बहाना ओ यारो जब हम दफनाए जाएंगे,
आँखों में आशा लिए हुए माँ चौखट पर बैठी होगी,
करती होगी पूजा हर पल थोड़ी मुझ पर ऐंठी होगी,
छोटी बहना भी वहीं कहीं राखी की थाल लिए होगी,
जब भारी मन से बापू जी, जब भारी मन से बापू जी,
धीरे-धीरे घर को आएंगे और मेरी कुर्बानी के किस्से वो माँ को
मेरी सुनाएंगे,
तब शान से मां के आंसू भी किसी कोने में छुप जायेंगे,
तब यही गुजारिश तुम से है, तब यही गुजारिश तुमसे है,
कोई माँ को मेरी समझा देना,
था बेटा उनका वीर बहुत बस इतना सा बतला देना,
कर देना मुझे माफ़ सभी जो याद कभी मैं आऊंगा,
जब झंडे में लिपटा यह तन चौखट पर लाया जाएगा,
तब अंतिम बार तू गोद में ले मेरा माथा सहलाएगी,
तब गर्व से मां तू इस दुनिया को मेरे किस्से बताएगी,
तब उनको ये समझा देना, उन लोगों को बतला देना,
इस मिट्टी का सम्मान करें, इस देश का गुणगान करें,
तब उनको ये समझा देना, उन लोगों को बतला देना
इस मिट्टी का सम्मान करें, इस देश का गुणगान करें ।

Extremely happy with the kind of activities organised in school for children's physical, social & intellectual development. Thankyou All.
Joshi

I am Deepanshu chandray of class XI B. I am studying from past 8 year and I have seen the growth of School management & School property in many ways like white board, AC, digital classes and etc....

I like to take this privilege to congratulate the management of the school for its endless efforts. We are really feeling proud of all the teachers and the school as a whole.

I am Vanshika Singh of XI B. I am a new student here & I found this school very good. The teachers are very supportive & caring. Many sports are also there. This school focuses on studies & other activities which is very good.

Impressed with the Co-curricular activities organised by the school. This has helped my child to develop confidence and overcome stage fears.

जल विद्युत परियोजना की प्रतिकूलता भी जानें

जल विद्युत परियोजना का मतलब है जल को ऊँचाई से नीचे आने देना और इससे बिजली पैदा करना। यह एक स्वच्छ और सस्ता ऊर्जा स्रोत है। परंतु, इस परियोजना के अनेक प्रतिकूलता भी हैं। जल को ऊँचाई पर ले जाने के लिए बड़े पैमाने पर बांधों और नहरों की आवश्यकता होती है। इससे जल संचयन और पर्यावरण को नुकसान हो सकता है। अतः, जल विद्युत परियोजना को लागू करने से पहले इन प्रतिकूलताओं को ध्यान में रखना आवश्यक है।
